

DANCE RECITAL

Example of a Social Story: What to expect!

My dance recital is soon!

I rehearse and perform at ChiArts School.

My parent/caregiver or another adult gets me to ChiArts and signs me in. They give me my things and we hug goodbye.

At both the rehearsal and performance, I have my hair in a specific way and wear my dance costume.

I bring my dance shoes, water bottle, and snack to ChiArts. My name is on all of my things in case they are lost.

I put my coat, street shoes, water bottle, and snack in my basket or my area.

DANCE RECITAL

Example of a Social Story: What to expect!

I wait with my friends until it is our time to dance on the stage. Music House staff help me know where I should go inside the building.

My teacher and Music House staff are here to help. I tell them if I need a break, my snack, or to use the bathroom.

My family are in the audience watching me dance. The audience claps for me and my friends.

After I dance on the stage, I organize my things and wait in the line for my family to pick me up.
